top 10 apps speech & language therapy

clicker docs

A child-friendly keyboard that has a built-in word prediction & recognizes phonetic spelling. It has text to speech, customized word banks, & students can share their writing through Dropbox. (iPad – \$28.99)

cookie next door – rainy days

Students become voice actors for the animated characters. They can then record their voice & tell an imaginative story. (iPad – free)

enchanted dictionary 7-12th grade

Learn core vocabulary for Science, Social Studies, Math, & Language Arts. This app helps to focus on word definitions while students put the words in order. Also available, *Enchanted Dictionary 4-6th Grade*. (iPad – \$1.99)

endless alphabet

Build students vocabulary with monsters. Each word has a game putting the letters in order, sounds, & animation over the definition. (\$3.99)

little finder

Using text & audio, this hidden object game uses helps little ones race to find the matching photo to build their vocabulary. Can be played with 2 players at once. (free)

phonics tic-tac-toe interactive game

Exploring phonic sounds while playing the classic game tic-tac-toe. (free)

sentencebuilderteen

Helps students learn how to build a grammatically correct sentence using themed images. (iPad – \$5.99)

toontastic

A great storytelling app where students can animate, draw, & create their own cartoons. It allows students to create 5 scenes to follow a story arc & select music based on the mood of the scene. (iPod – free/\$19.99)

touch the sound

Using 4 pictures, students need to choose which image made the sound. (free)

videolicious

Use this app for digital storytelling with your students. A simple video creator app that allows students to use photos or videos to create narrated videos. Have students practice sequencing, articulation, & more. (free)
